Dear Class of 2019

Congratulations! Graduation is a symbolic moment in your life. For the past thirteen years you have been engaged in a process of learning how to learn. While graduation signifies a completion of what has become your "daily routine", it does not signify the end of your learning. The world offers you the opportunity to find your passion and follow your dreams. You, and only you now define your learning path, and the career that will provide the opportunities for you to realize your greatest dreams.

Dream big, work hard, follow your passion and you will find success. You will forever represent East Stroudsburg Area School District, your family, and yourself...hold yourself to the highest standard and respect the stories and differences of everyone you meet!

On behalf of the East Stroudsburg Area School District, I congratulate each of you and wish you great success.

William R. Riker
Superintendent

To the Class of 2019:

June 14, 2019, will forever be a special day in your lives; this is the day you are graduating from high school. Your journey from Kindergarten through today has shaped who you are as a person. You now have a strong foundation from which to build as you transition into the next chapter of your life. Whether you are moving on to post secondary schooling, the military, and/or the workforce, you have one goal and that is to make the world a better place. This will be made easier by continuing to live the values of a T-WOLF. Choose to be Tolerant of others, choose to always make Wise Choices, choose to take Ownership for your actions both good and bad, choose Leadership to make your environment better, and choose Friendship by being kind to others. On behalf of our faculty and staff at East Stroudsburg High School North, know that we are all proud of you, and congratulations on this monumental accomplishment. Enjoy and be safe!

NATIONAL HONOR SOCIETY

The purpose of the National Honor Society is to create enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, and to develop character in the students of secondary schools. To be eligible for membership, students must have a cumulative grade point average of at least 3.5. Additionally, potential members must meet high standards of leadership, service, and character. Leadership is based on the student's participation in two or more community or school activities, or election to an office. To meet the service requirement, the student must have been active in three or more service projects in the school and community. Character is measured in terms of integrity, behavior, ethics, and cooperation with students and faculty. Membership is an honor bestowed upon a student, and once selected, members have the responsibility to uphold the standards of the organization. At today's commencement exercises, gold cords distinguish the National Honor Society members.
